

## Chapter (Sales) Coordinator

### About us

MEDLIFE is a non-profit organization that partners with low-income communities in Latin America and Africa to improve their access to medicine, education, and community development projects. **Our mission** is to build a worldwide Movement empowering the poor in their fight for equal access to healthcare, education, and a safe home. **Our vision** is a world free from the constraints of poverty. MEDLIFE works with students from around the world in order to broaden their perspectives and better equip them to advocate for social justice.

### Our ideal Chapter (Sales) Coordinator

We're looking for a passionate changemaker who has an immediate connection to our mission and vision. We need **storytellers** that can elevate the voice of community members in developing countries to reach student communities around the world. We need **community organizers**, who will rally groups together to fight for our cause, make positive connections, and build relationships with ease. We need **problem solvers** that can turn challenges into growth opportunities. As we continue growing, we'd love for you to be part of the MEDLIFE Movement.

### About the role

Work on the growth and development of MEDLIFE Chapters, clubs, and societies in universities and colleges globally.

Our Chapters are student-led, and thus the primary responsibility for the MED International team is engaging passionate students, with the right leadership skills, in various educational institutions. Chapter Coordinators guide them through the process of leading a Chapter in their school. This means we spend a lot of time talking about MEDLIFE's mission and work in the field, mentoring Executive Board members, supporting them in recruitment within the school, providing resources for social media, and organizing webinars.

### What will your day-to-day look like at MEDLIFE?

- Manage your designated Chapter portfolio of universities around the world.
- Motivate students, faculty, and interested individuals to support our mission by participating in different impact oriented campaigns.
- Promote and coordinate MEDLIFE's annual campaigns hand in hand with volunteers (Service Learning Trips, fundraising events, virtual programs, among others), expanding our Movement into new countries and markets.
- Apply modern sales techniques to increase our Service Learning Trip participants and fundraising revenue.
- Mentor Chapter Executive Board members so they perform their duties and responsibilities successfully.
